

## Get Ready For Fishing

By: Sam Spencer

Spring is just around the corner. It's time to start getting the boat and motor and fishing tackle ready. Crappie and bass will be tearing it up before you know it. While getting everything ready, don't forget to buy a new 1985 fishing license. Forgetting this yearly detail can be embarrassing and expensive. However, there is a legal way to get around the annual bother and expense of buying a fishing and hunting license and at the same time you can help the Game and Fish Division protect your sport.

Simply buy a resident lifetime license. This relatively new type license was first offered for sale during the 1982-83 season. The card is an attractive plastic card, similar to a credit card, with the owner's name, date of birth and license number embossed on it. The price is \$100 for lifetime fishing, \$200 for hunting, and \$300 for the combination. The fishing license is blue with gold lettering, the hunting license is green with gold lettering and the combination is white with red lettering.

Lifetime licenses will save most purchasers a lot of money in the future. Even at present prices, a combination license will save a 16-year old (or younger) person over \$550 during his license-buying lifetime and no doubt license cost will go up in the future.

The license make outstanding presents for birthdays, graduation, and on any special occasion. What else can you give that will be used so often and yet last so long? The recipient will have many opportunities to thank you for this lifetime gift.

Another benefit to consider is the fact that if the holder of a resident lifetime hunting or fishing license moves out of state, the license will remain valid for four years from the date of his move. If Alabama residence is reestablished within the four-year period, the license remains valid.

Purchasing a lifetime license helps insure the future of hunting and fishing in Alabama. These funds are deposited into a special endowment fund and are invested at the highest available rate of interest. By law the principal can never be spent; only can be used for approved game and fish projects. At the present interest rate of over 14 percent, the lifetime license provides over 2 1/2 times the return to the Game and Fish Division as does the annual license and this money goes to protect and enhance hunting and fishing.

### Interest on U.S. Bonds Is Taxable

Interest on U.S. Savings Bonds is taxable income and must be reported on federal income tax returns. The Internal Revenue says:

Taxpayers must report the interest from Series E and EE bonds in one of two ways: 1) annually, as it accrues, or 2) when the bond is cashed or reaches final maturity.

In the case of Series E and EE Bonds, however, interest payments are made twice a year and must be reported in the year received.

Those taxpayers who buy U.S. Savings Bonds as co-owners with their children are liable for the tax on the interest earned on the bonds. Interest on U.S. Savings Bonds bought in the name of a child is income to the child, even if the taxpayer pays for them and is named as beneficiary.

Application forms can be obtained from local conservation enforcement officers, district Game and Fish offices, probate judge offices, license agents or by contacting the Game and Fish Division, Department of Conservation and Natural Resources 64 North Union Street, Montgomery, AL 36130, or by calling 261-3469 or 261-3466. If you are in Montgomery, visit the Game and Fish office, fill out an application, pay cash or certified check and get your license made while you wait a few minutes. It's a bargain of a lifetime.

### Restocking Turkeys In Alabama

Some of the finest wild turkey hunting to be found anywhere in the United States is enjoyed in Alabama. Hunters travel here from all over the country to hunt this wary and elusive game bird. Turkey hunting was not always as good as it is today, however. Huntible populations of wild turkeys during the 1930's were scattered and numbers were low. This condition has existed for many years. The Federal Aid to Wildlife Restoration Act passed in 1937 provided some plans to correct this situation.

Five sections of land in Clarke County were chartered to the State in 1819 when Alabama entered the Union. This was Salt Grant Land and was still in State ownership when the old Game, Fish and Seafood Division of the Department of Conservation initiated a program to reestablish deer and wild turkey on suitable habitat. This property served as a nucleus for two wildlife sanctuaries whose primary objective was to produce as many wild deer and turkeys as possible which could be trapped and relocated to suitable vacant range in the State.

Trapping and restocking wild turkeys began in 1942. This was a very modest effort with only 8 turkeys being relocated to a site in Jefferson County. Since this beginning, there have been 1,423 wild turkeys stocked on suitable habitat in Alabama. This process continues today. The occupied wild turkey range has grown from about 6,000 acres to more than 22,000 acres. Losses of habitat poses the single greatest threat to the continued survival of huntable populations of turkeys.

A full stocking of wild turkeys on a new range consists of 5 gobblers and 10 hens. The trapping activity is conducted during the winter months because turkeys can die from heat prostration when confined to the small transport crates during warm weather. Good trapping success is not assured and when there is an outstanding account crop, trapping success will usually be poor.

Because of turkey restocking under the Wildlife Restoration Program of the Game and Fish Division, hunters over the State of Alabama have been able to enjoy the thrills of hunting the greatest game bird in America - the Eastern wild turkey.

## Commission Told Damage Caused By Heavy Rain In Excess Of \$1 1/2 Million

The Coffee County Commission met in regular session on Monday, February 11, at the courthouse in Elba, and heard county engineer Frank Charlton report that county crews were continuing to work on dirt roads damaged by last week's heavy rains.

"The roads are still in bad shape," said Charlton, "but we are working long hours, and all but two roads are open to traffic."

The roads still closed are the Green Horn Saddle Club Road and County Road 25, and Charlton estimated it would take two weeks to repair the Green Horn Saddle Club Road, located in the southwest corner of the county.

Charlton stated the roads in the county sustained over \$1 1/2 million in damage due to the rains, and Probate Judge Marion Brunson said county officials were attempting to acquire state funding to aid in the high cost of repairs needed.

The bi-monthly meeting began at 9:00 a.m. and after making a minor change in the minutes of the past meeting, the commission tackled a lengthy agenda.

Mr. Wayne Barnes, a resident of the Green Horn Saddle Club Road, was back at Monday's meeting requesting roadwork. Barnes said he had asked for help on March 26, 1984, and since then had spent \$1,000 trying to correct the drainage problem.

"I'm asking for help again," declared Barnes. "The water is

crossing the road and destroying my place!"

Commissioner Billy Paul Owens told Barnes that he and the engineer would visit the site and meet back with him in an attempt to solve the problem.

The Enterprise Kiwanis Club requested permission to use the Farm Center arena for the club's annual circus, scheduled for Sunday, March 17. The circus is a fund-raising event for the club and the commission approved the request.

Probate Judge Marion Brunson told the commission it needed to implement a deposit fee for the use of the Community Room at the Farm Center. Brunson stated the room is often left dirty after being used and such a fee would cover any cleanup cost. Brunson was instructed to present a proposal at the next meeting.

County engineer Frank Charlton addressed the commission on routine matters, including:

- \*\*\*requesting workers that clean out beaver ponds be given rabies preventive shots (the commission doubted the need for the shots);
- \*\*\*asking if the commission was ready to hire an extra mechanic at the commission (the commission postponed any action);
- \*\*\*recommending hiring an applicant as assistant county engineer (the commission stated it would wait until a second applicant was interviewed); and
- \*\*\*stating he would send out bids on

stripping paint, to be opened February 25.

The committee assigned to do a feasibility study on repairing a bulldozer gave its report and suggested either repairing the machine or trading it in for a smaller bulldozer. The committee, which consisted of commissioners Faulk, Bryan and Owens, felt the bulldozer was too large, and recommended trading it and another machine for a smaller dozer.

Specifications for a new bulldozer will be studied at the next meeting.

The commission voted to keep the tax millage rate at its present level. The millage is now used for the General Fund (7 mills), Road and Bridge Fund (3 1/2 mills) and County-wide Schools (5 mills).

In other action at Monday's meeting, the commission:

- \*\*\*agreed to purchase a \$100 aid in the program for the South Alabama State Fair, to help cover the cost of prizes;
- \*\*\*was told the toll-free telephone service between Elba, New Brockton and Enterprise was now in operation;
- \*\*\*was told all the old courtroom benches had been obligated;
- \*\*\*received a note of thanks from Boy Scout Pack 47 of Elba, for the donation of heaters;
- \*\*\*was told rabies clinics were being held in the county;
- \*\*\*was told improvements had been made at the health department in Enterprise, including painting, dividing of examination rooms and general maintenance;
- \*\*\*stated the Farm Center was not available as an alternate assembly point for a local National Guard unit due to its possible renovation into an office complex;
- \*\*\*approved state highway department plans for work scheduled on Rucker Blvd. and at Buck's Mill Creek;
- \*\*\*told the engineer an illegal dump covered up recently was "worse than ever" and asked him to take additional action;
- \*\*\*agreed to move the offices of the Mapping and Appraisal Department back to its original location;
- \*\*\*approved a motion to accept a dirt road as a county road if the road would be built up to meet standards set by the county engineer;
- \*\*\*was told a bill had been introduced to pay the counties for housing state inmates in county jails (\$43,813.30 to Coffee County); and
- \*\*\*paid bills.

County commissioners Bill Faulk and Eugene Bradley examine report of extensive road damage in the county caused by recent heavy rains.

The next regular meeting will be on Monday, February 25, at 9:00 a.m. at Elba.

## Water And Electric Board To Refund Deposits Dating Back To 1927

The Elba Water and Electric Board met Tuesday at 5 p.m. with all members present. Refunding of customer deposits led the agenda with the board approving a proposal to begin refunding customer deposits dating back to 1927. Mayor Bob English presented the board with a plan to begin by refunding from 1927 up through 1976 all customer deposits. If the customer was in good standing with the utility. He noted that as many as 415 people were now off the system, but their deposit was still being carried on the books. He explained the

requirements of the law on these former customers and said they would publish a list of names and allow the people adequate time to claim their deposit. All unclaimed deposits would then be deposited into the general fund of the utility. Then at the end of each fiscal year (September 30) an additional two years of deposits of current customers would be refunded until the system was within a couple of years of being current. In other words, after the utility "catches up" a deposit would be refunded to any

customer in good standing after being on the system for about two years.

English said he hoped to begin the refund within the next few weeks. Customers still on the system would automatically receive their check through the mail while off-system customers will have to claim theirs at the office, due to lack of mailing addresses. These deposits range from \$2.00 in 1927 up to the much higher present figure for water, electricity and sewage.

Bills of \$23,442.53 were approved by the board after explanation that repairs to the sewage system and water well pumps caused the increase. The board also approved funding half the cost of renovating the seating in the high school auditorium.

Veterans Service Officer. The office is located in the courthouse annex. Times in Enterprise are: Monday, Wednesday and Friday - 8 a.m. - 5 p.m.; Tuesday and Thursday - 8 a.m. - 4:30 p.m. Phone number is 347-6440, and office is located in the courthouse.

### Waldon Found Guilty Of Arson

Bill Waldon of Elba was found guilty of second-degree arson last week in connection with a fire at his home in 1982. The state contended that Waldon

started two fires in his home on October 2, 1982, with the motive being financial profit. Waldon faces a sentence of 2-20 years in prison.

Trying out new toll-free phone line... Elba Mayor Bob English took time out at Monday's Rotary Club meeting to try out the new toll-free telephone service between Elba, New Brockton and Enterprise. The new service, ESA (Extended Service Area) went into effect locally on February 10. Pictured Left to right: Lynn Greer, Public Service commissioner; Jim Sullivan - PSC president; Elba Mayor Bob English; Jim Folsom Jr., Public Service commissioner; and Bill Entz - general manager of General Telephone, Doshan.

## Officials Check Out New Phone System In Elba

Extended Area Service (EAS) more commonly called toll-free calling, became an official reality between Elba, New Brockton and Enterprise Monday. The formal ceremonies took place at the Elba Rotary Club when General Telephone executives and all three members of the Public Service Commission were standing by as Elba Mayor Bob English used a specially-installed speaker telephone to call the Enterprise City Hall.

Bill Entz, general manager of General Telephone, prefaced the event with some remarks and introduced several executives of his firm, asking for comments from Representative Jimmy Holley and the three members of the Public Service Commission.

Entz predicted that the EAS service would cause an increase in call volume of from 800 percent to 1300 percent.

The system has been upgraded to improve clarity of calls and to handle the additional volume by installation of 17 miles of fiber optic cable between Elba and Enterprise.

## City To Borrow \$1/2 Million For New Pool And High School Renovation

The Elba City Council is actively seeking proposals to loan the city half-a-million dollars on a ten-year bond issue. Plans for the bond issue were unveiled Monday night at the council meeting and the council formally approved a plan for Mayor Bob English to solicit bids from companies specializing in that type business.

Under the guidelines proposed by English, no payment would be made on the principal until 1989 when one previous bond issue would have been completely paid off. Until that time only interest of about \$45,000 a year (assuming nine percent interest) would be paid. Then payments on the principal of from \$45,000 to \$90,000 would be made through 1966 when the bonds would be completely paid off. Total interest (at nine percent) would amount to \$380,250.

English presented information to council members indicating that bank loans for equipment will pay off in May 1985 with payments of \$1,224.98. In May 1986 loans for renovation of the Army Reserve Center will pay up with monthly payments of \$229.13. He explained to council members that these monthly payments would pay the interest on the bonds until something else is paid off.

The bond money would be used to construct a band room at the high school, a fire station, new fire truck plus pay Elba's matching part of the new swimming pool complex now being advertised for construction bids.

Recreation Director Dennis Smith presented the council members with the final plans for the swimming pool

Elba Recreation Director Dennis Smith shows blueprint of new pool and additional recreational facilities planned at the Hawkins-Williams Recreation Park.

complex and announced that bids would be opened on February 28 at 2 p.m. He noted that after acceptance by the city council, the apparent low bidder would have to be approved by state and federal officials before a contract could actually be let on the pool or the outbuildings.

The council approved funding half the cost of renovating the seating in the high school auditorium if the other half would be paid by the Water and Electric Board. The cost of this is \$24,000 and it will be done by the state prison system. During

bidding for renovation of the high school two years ago, the private bid for this work was \$36,000. There are about 610 seats in the auditorium; the work will be completed during the summer.

The council approved payment of bills totaling \$11,922.34. Council members were told that the sales tax received recently (from December sales) totaled \$56,900 and is the largest monthly sales tax check in recent years, and possibly the largest monthly check ever.

## Brainstorms.....

With Ferrin Cox

While you are figuring your income tax this year, keep in mind that the defense department needs the money to pay for those 6000 toilet seats. When it came to light that they were paying that for airplane toilet seats, some of those folks had the nerve to defend the practice "because they were of a special design and a good plastic". However, the price has now been adjusted downward to only \$100 each; but that doesn't make it comfortable. We just can't understand the thinking of either the buyers or the sellers when they engage in such practices.

Neither do we accept the practice of jailing lower-ranking soldiers for bringing captured weapons back from Granada while at the same time cautioning an admiral for trying to do the same thing. Either it is against the law or it ain't, and the accepted practice of "rank has its privileges" should never go into overlooking illegal activities that others are jailed for.

William Schroeder, the 52-year-old with the artificial heart, continues to survive. He is not as alert as he was at first and this is credited to the stroke he suffered following the transfer to the artificial heart. However, he is living, and in spite of all the specialized treatment was able to contract a case of the flu last week. He must be pretty normal if he is suffering from something many of us have had recently - or have.

We continue to hear debate on the pros and cons of the proposed merit pay plan being considered for Alabama school teachers. The possibility that some of the principals are real bring me to the thought of just working out a pay raise for all teachers and scrapping the proposal. We have some reservations about the practical application of the ideas and would feel more comfortable with a pay raise, and hope school boards would just weed out unqualified teachers. Of course we have some reservations about funding either merit pay or pay raises, and until the money comes forth, either plan is just a dream.

We heard some inside information last week that we wound up reading in the Sunday paper, so apparently it ain't privileged information after all. The belief around Montgomery is that Governor Wallace will run again for his office but, as an independent rather than a candidate in the Democratic Primary. The theory is to let the Democrats bloody each other up and then let him step in, in the general election, and pick up the votes. It will be interesting to watch. If you had any doubt about Wallace running again, the revelation of \$15,000 campaign donations being accepted recently should quiet those doubts.

President Reagan's plan to cut spending to balance the national budget was pretty well accepted until people began hearing just what was to be cut. Now those on Social Security surely don't feel they deserve a cut (or freeze); cities and counties getting remodeling grants don't want their goodies cut off; students getting government loans that a large percent never pay back are up in arms - and on down the line. It is impossible to cut back Big Brother without cutting back the money doled out by Big Brother. It would take someone smarter than this writer to figure out the true facts, but our opinion is that retirees and most others would be better off to hurt a little now rather than to suffer from runaway inflation that will probably result in the budget is not gotten back under control. Of course defense will have to share in the belt-tightening also - even if they have to use the same low-priced toilet seats as taxpayers use.

The City of Elba is considering floating a bond issue for some half-a-million dollars to pay for some planned projects. We don't know about this. We see the need for each of the projects and doubt we could ever carry them out without borrowing - and this prevents us from saying no-no. The present plan to pay it back in ten years is sound thinking, 'cause we don't want any more of that 40-year stuff like we have on the sewer system that still has 25 years to go. The sewer system is in a mess and we still owe \$442,000 on the loan to build it.

There is a new carwash firm in New York. They cater to the owners of expensive sports cars, etc. The day-long cleanup job includes hand washing, waxing, engine cleaning - with a toothbrush and cleaning of the carpet and upholstery. Right now they can only handle four cars a day, but have expansion plans. Oh, the cost of this carwash is only \$145! We don't have the address, but then we don't know many people wanting a toothbrush cleaning of their engine.

Monday afternoon we happened up on the wreck scene that left Mr. Robert Paschal dead. The wreck was below Enterprise; we didn't stop because we weren't needed; but noted in passing that his truck was rolled up in a ball and we doubted anyone could come out alive - which he didn't.

## Pilgrimage Season Near

In Alabama

Springtime in Alabama means the opening of beautiful flowers. It also means the opening of beautiful, historic homes. March and April are traditionally the months for annual tours of older homes and buildings, scheduled this year in at least nine cities around the state.

Alabama's pilgrimage season begins March 13 in Mobile and March 15 in Lodesboro. Later tours will take place in Selma, Tuscaloosa, Eufaula, Huntsville, Talladega, Athens and Florence. All of the pilgrimages will hold daylight tours, and several have scheduled evening, candlelight tours as well. Antique shows, arts and craft shows and tea rooms are being offered during some of the pilgrimage weekends.

For advance information about individual tours, contact the Alabama Bureau of Tourism and Travel, 532 South Perry Street, Montgomery, AL 36104, or call (205) 261-4169.

### Thirty TSU Coeds Vie For 1985 Miss Troy State University Crown

Thirty Troy State coeds will vie for the 1985 title of "Miss Troy State University." Friday, Feb. 15 and Saturday, Feb. 16 in Smith Hall Auditorium on the TSU main campus.

The pageant, sponsored by The Palladium, the university's yearbook staff, is an official preliminary contest to the "Miss Alabama" and the "Miss America" pageants.

A panel of three judges have been selected for the pageant and will judge each girl in four categories -- personal interviews, swimsuit competition and evening gown and talent.

Friday, Feb. 15 is "Talent Night," the event which features all contestants competing in the area of talent. Each contestant will give a two-minute display. "Talent Night" begins at 7 p.m. in Smith Hall and admission is \$1.00 per person. Tickets are only available at the door the night of the performance.

Pageant Director Jacqueline Smith says "having a good crowd on Talent Night to react to their talents, given the candidates more of a chance in that area of competition."

"Too, some of the best talent is not always seen the final night of the pageant," she added.

Prior to the talent competition contestants will meet with judges and have their swimsuit competition in a private screening.

Saturday, Feb. 16, personal interviews are scheduled for each contestant and all the coeds will be judged in evening gown competition. Both are closed to the public.

Finals begin at 8:00 Saturday in Smith Hall Auditorium and

Elba High's Seniors Of The Week

Tracey Kelley is the 18 year old daughter of Louis and Mable Kelley. Tracey has always attended Elba City Schools. Her favorite class is Typing II and her favorite teacher is Coach Rainer. Her hobbies include singing, listening to music and talking to friends. Tracey suggests for EHS a free lunch period. Her most memorable time was becoming a senior. After graduation she plans to study cosmetology.

Chequita Walker is the 18 year old daughter of Mr. and Mrs. George Walker. She, too, has always attended Elba City Schools. Her favorite class is business law and her favorite teacher is Mrs. Tucker. She enjoys talking on the phone to friends and listening to music. Chequita, too, suggests a free lunch period for EHS. Her most memorable event was becoming a senior. After graduation she plans to attend MacArthur Technical College.

## Local VICA Club Holds Skills Contest In

### Auto Mechanics And Welding

The Elba High School VICA Club held its annual skills contest January 31, 1985 at the Elba High Vocational Building. Contests were held in Auto Mechanics and Welding. A total of 20 VICA members participated in these contests for the honor of representing us at the District VICA Skills Contest at Wallace Community College on March 2. Local winners are:

**AUTO MECHANICS:**  
1st place: Scott McIntosh  
2nd place: Joseph McCollough  
3rd place: Billy Marler  
**WELDING:**  
1st place: Elijah Petty  
2nd place: Steve Petty, Ronnie Crawley  
3rd place: Tim Baldwin

4th place: Dewayne Bradshaw

2nd year students  
1st place: Todd Sanders  
2nd place: Steve Sasser  
3rd place: Rickey Messick  
4th place: Rusty Dowell

We could not hold these skills contests without the help of local business people who serve as our judges. Those serving as judges were: Auto mechanics - Keith Boutwell, Mack Davis, Larry Fuller, Wayne Jones, Elmer Cook, Lamar Wilson, and Bill Hodge. Welding - Ed Hudson, Harold Hudson, and Sammy Lowery.

We express our appreciation to these people, to all local businesses and citizens who support our efforts.

## Ed. Week

The week of February 11-15 is National Vocational Education Week. The Trade and Industrial sections of the Vocational Department at Elba High School present this article in observance of the occasion. The T. & I. sections are Auto Mechanics, Welding, and the Co-op program.

These vocational programs at Elba High School have developed into one of the most successful programs in the state. Vocational education courses are designed to develop personal, pre-vocational, and occupational skills, to explore careers, and to prepare individuals to meet the basic requirements of the world of work. Upon completion of these courses, students may obtain employment or continue their education and training by attending college or trade school.

The vocational programs at Elba High School are offered as part of the total education program. The courses are designed and scheduled so that students can take any subject matter they may need for graduation and personal development.

**WHO IS OUR MYSTERY MAN?** Our mystery man has brown hair and brown eyes. He has only one brother in the Elba City School System. Some would consider him very important in our school but this is hard to understand. His favorite foods are hamburgers and french fries. His favorite color is crimson.

Go

**BASKETBALL SPOTLIGHT** ... Sharon Silar is the 17 year old daughter of Mrs. Doshie Silar. She is a senior and has been a cheerleader for 3 years. She is a member of the "E" Club, Torchette, and Torchlighter. Raynard McKinnon is the 18 year old son of Rubin McKinnon. He is a member of the "E" Club and is a senior at EHS. Terrell Hammonds is the 18 year old son of Lucille Hammonds. He is a senior and has played basketball for 4 years with Elba High's varsity team.

## Dorsey, Hudson Attend

## Presidential Classroom

The week of January 26 - February 2 was an exciting one for Claude Dorsey and Regina Hudson. The two traveled to Washington, D.C. for a week's stay in our nation's capital under the Presidential Classroom program. While in Washington, Claude and Regina learned about the federal government and discussed pending issues facing our nation.

Other than learning and debating, Claude and Regina had an opportunity to meet people from all parts of the country. Regina had roommates from Puerto Rico, Georgia and South Carolina. Claude had roommates from Puerto Rico, New York and Ohio. The two were assigned to sections. Regina was in section 6, while Claude was in

section 9. On Wednesday, Claude and Regina traveled to the Capitol building to meet three other students from Southeast Alabama. The five met Congressman Big Dickinson and discussed issues facing our area and the nation. Claude and Regina made many friends at Presidential Classroom and found it very hard to leave them on Saturday. After saying goodbye and trading addresses, the two boarded flight 457 for Atlanta.

Both students highly recommend this Classroom for anyone who is interested in government. It truly was an educational learning experience, but along with that, it was also very special.

Mrs. Nellie Martin was honored as Elba's Woman of Achievement by the BPW Club on February 10 at the Elba Country Club. Many friends were present to pay tribute. Mrs. Martin was dressed in a flowing pink chiffon gown with silver accessories and a pink-throated orchid. Members of her family formed the receiving line with her.

Airman Ted F. Smith, son of Mr. and Mrs. Luther F. Smith of Rt. 1, Kinston, has been assigned to Sheppard AFB, Texas, after completing Air Force basic training. He is a 1972 graduate of Kinston High School and attended the Alabama Institute of Aviation Technology.

"Socials, with Shirley, Mr. and Mrs. J.O. Bailey honored their son Jimmy with a birthday dinner Friday night in their home in celebration of his twentieth birthday. We're happy to hear that young Bill Bruckner is out of the hospital where he was confined for a few days this past week.

Coffee Conservation Report: Mr. Tom Harris, who lives on Martin Street in New Brockton, operates a cane mill near Collins Chapel Methodist Church. He not only saves money but provides a good tasting old-fashioned product. The crop has diminished in this area, as evidenced by the small patches of cane grown in various locations.

Doc Parker, Elba chief of police, who has been in Elba's Hospital in Troy for the past few weeks, is reported to have shown some improvement the past weekend. He was resting easier Monday from his rheumatism.

Last week's mystery farm picture was of the place belonging to Lewis McInnis of Ino Community, according to Foy English, only person recognizing the picture. Mr. English said it is Cecil Wise's mother's old

house. Mr. and Mrs. Hub Haddock called by home Sunday.

What The World Needs Today

He answered and said, whether he be a sinner or no, I know not; one thing I know, that whereas I was blind, now I see." John 9:25. (Please read John 9:1-25.)

Were you to ask the question today, "What is the greatest need in our society?", many different answers would be given. Many would say that we need better defense, militarily; we need honesty in government, need more education, need a society free from poverty, free from hunger. Many individuals would say, "I need freedom from pain, sickness, worry, problems," and all of these are needs; but beloved, the greatest need today in our individual lives - in the life of our nation - is a turning to and trusting in the Lord Jesus Christ.

Look at the contentions or claims of Jesus Christ. He claims to have power to forgive sins. In John 8, we

hear him saying to the woman guilty of adultery, "Neither do I condemn thee: go and sin no more." We read in Romans 10, "That if thou shalt confess with thy mouth the Lord Jesus Christ, thou shalt be saved." Jesus can and He does have the power to forgive sin. He claims to be able to supply our needs -- all our needs. Whatever the need He promises to supply. Read Matthew 7:7-11. Paul said, "My God shall supply all your needs according to His riches in glory by Jesus Christ." He claims to have the power to raise us from the dead. John 2:25-26, "I am the resurrection and the life. He that believeth on me though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die." Brother, when Jesus comes, the grave can't hold us! He claims to take us to Heaven. Read John 14:1-4. "I will come again and receive you unto myself that where I am there you will be also." Jesus has been preparing Heaven for us for over 1800 years, and one glorious daybreak we shall go there to be with him forever.

I submit to you that Jesus is all He claims to be and more. Whatever your needs are today, Jesus is the answer; and He is the greatest need you have. He can solve the problem. He can heal that broken heart. He can put back together the pieces of that broken home. He can help you to quit that bad habit you have, and He can forgive you of those sins in your life. He wants to forgive, He will forgive; but there must be a response on your part.

Would you take all your needs to this all-sufficient Christ today? Remember, Jesus loves you - He really does.

Dr. R. P. McFadden, pastor of the church, invites the public to attend. A nursery will be provided.

## Senior Citizens Enjoy Lunch And Crafts

Bright, sunny cold weather greeted the senior citizens then they met for their weekly lunch and meeting at the HRDC Building on Simmons Street.

Some of the members were still sick. Meat orders were delivered and the store was opened.

A delicious lunch was served and Mrs. Agnes Bottoms from the Bookmobile was present to teach the art of basket-weaving and other crafts.

Those attending were: Minnie L. Davis, Rosa Coon, Marie Henderson, Anise Boswell, Annie Pearl Carpenter, Pinkie Spinks, Eunice V. Johnson, Agnes Bottoms, Mary Smith, Anna Staudemir, Martie Lou Goodson, Frances Shaboo, James C.F. Cole, M. Boling, Wanda Sasser, Marvin and Wispaw Matthews.

Mrs. Bottoms showed a movie and some of the members worked on a quilt that will be used for the club.

The Astro Dome in Houston is kept at a constant 74 degrees F. by an air-conditioning system. If on a humid day this system were turned off and warm air were allowed to enter, it would rain in the stadium.

The Elba Tigers saw their record dip to 5-12 last week with losses to Enterprise and Andalusia, assuring the Tigers of their worst record in basketball in three years. I'll admit the record isn't very good, however, I won't call the 1984-85 team a losing team! Elba battled every minute of every game and each player gave 100 percent all the time, despite suffering losses that would make some teams throw in the towel.

Elba has a good coach in Hank Kennedy and a good group of kids, so don't expect the losing seasons to become a habit.

The regular season will draw to a close this week and it was quite a season for all three county schools. Here's a quick look at the schools and the season. **Zion Chapel** carried a 16-5 record into the last week of the season and has defeated every school in Coffee County, including Enterprise. The Rebels have had an excellent season and have built a foundation for years to come. **Kinston** stood at 17-4 coming into the week and in my opinion Coach Pete Kelley did his finest coaching job ever! The Bulldogs have a good group of kids, but not enough to be big winners. So, Coach Kelley and his crew are to be commended for their success.

**New Brockton** carried a 15-6 record into the final week, which is a little surprising. The Gamecocks were expected to be good, but the 15 wins were more than I expected. You'd better watch out, because next season should be their year.

I went up to the State Jr. High Invitational Tournament last weekend in Montgomery and saw some top quality action. Goodman went to the tourney, and while it was out of its league, battled until the end and next gave up against Cloverdale, the Montgomery city champs. The Goodman players never backed down and gained experience they'll never forget.

In Central, of Tuscaloosa's, semi-final win over Cloverdale I saw something I'd never seen before. Central won the game 78-65, and in the process, did a tussle a single shot from outside the lane! Central drove to the goal throughout the game, often on fastbreaks, and simply never shot from the outside.

My wife and I attended the annual "media night" event in Opp last week, which is held annually prior to the Rattlesnake Rodeo, and while I didn't get to eat fried rattler, I did get to eat a mighty fine steak. The Opp Jaycees sponsor the rodeo and it has grown into an event of worldwide acclaim.

This year's events include a run, a parade, a buck dance contest, a beauty contest, a gospel sing, a stock car race, a "snake" race and much more!!! Last year over 30,000 attended the weekend's events, which enabled the Jaycees to donate \$10,780 to various organizations. The Rodeo is set for March 2 & 3, so, plan to attend.

I talked with Elba Recreational Director Dennis Smith last week and he said this should be the department's busiest summer ever. Plans are to have Dixie Youth, Babe Ruth and Minor League baseball, as well as girls', men's, women's, men's church and women's church league softball. That's a lot of ball!

## Tigers Fall To Enterprise & Andalusia, Record Slips To 5-12

The Elba Tigers hit the court twice last week and came out on the short-end of two lopsided scores as their record for the season slipped to 5-12.

Enterprise 68  
Elba 45

The Enterprise Wildcats pulled ahead early and never looked back as they rolled past Elba 68-45, last Tuesday night at Elba.

The Wildcats held a slim 14-87 lead after one quarter, but pulled out to a 30-17 halftime bulge and coasted to the win.

Tony Whitaker scored 15 points to lead Enterprise, while Mick Phillips led Elba with 14.

Ep 14 16 13 25 - 68  
El 8 9 8 20 - 45

Enterprise (68): Whitaker 15, Whitehurst 5, Cooper 2, Snell 5, Harrison 6, Smith 4, Edwards 6, Colbert 4, Martin 13, Burks 8.

Elba (45): Phillips 14, Osburn 9, McCollough 6, Hudson 11, Hammonds 3, Brinson 2.

[B GAME]

The Enterprise B team pulled away in the third quarter to dump Elba 50-25. Enterprise led only 17-12 at the half, but pulled ahead 42-16 after three quarters and rolled to the win.

Bill Brueckner scored 11 points to lead Elba.

## AREA TOURNEY ROUNDUP

### Elba To Host 4A, Area 3 Tourney

The Class 4A, Area 3 basketball tournament will begin tonight (Thursday) at the Elba High School gym with a total of three teams competing.

At 7:00 Elba will meet Daleville, while Friday night at 7:00 Pike County will meet the Daleville-Elba winner.

Pike County is the top seed in the tourney, but none of the three teams are prohibitive favorites.

The Area 3 winner will host the Area 4 runner-up (Abbeville, Ashford, Clayton and Dale County) on Tuesday at 7:00, while the Area 3 runner-up will travel to meet the Area 4 winner.

### Kinston Is Host For 1A, Area 4 Teams

The Class 1A, Area 4 basketball tournament will continue tonight (Thursday) at the Kinston High School gym, with the semi-final round on tap.

At 6:00, the Pleasant Home Eagles will meet the Coffee Springs Golden Bears, and at 7:30, Kinston will oppose the winner of Tuesday's Dozier-Brantley clash. The finals will be Friday night at 7:00.

Kinston, ranked eighth in the state in 1A with a 16-4 record, has defeated every team in the tourney twice this season and is without a doubt the team to beat. The other four teams are highly competitive; however, each game should be exciting to watch.

The winner of the tourney will host a first round Sub-State contest on Tuesday, February 19, against the runner-up in Area 3 (Coneah Co., W. J. ## New Brockton Gamecocks Soar Past Kinston Bulldogs 64-50

What was billed as a "shoot-out" between two of the state's top small-school basketball powers turned into a "blow-out" last Thursday night as the New Brockton Gamecocks rolled to an easy 64-50 win over the Kinston Bulldogs, at the Gamecock gym.

The win topped New Brockton's record to 15-5, while Kinston fell to 16-4 with the loss.

New Brockton dominated the game inside in the early going and opened up a quick 6-0 lead. Kinston finally got on the board with 3-41 left in the opening stanza when Paul Folmar hit on a three-point play, but the Gamecocks were in complete control and went up 16-7 with 16 left in the quarter on a layup by Stefan Knox.

A slam-dunk by Layman Hornsby early in the second quarter upped New Brockton's lead to 19-9 and the lead grew to 25-9 with 5:16 left in the half on a basket by Bobo Reynolds. Kinston's Alvin Henderson got hot late in the half and kept the Bulldogs hopes alive, only to see New Brockton score on almost every trip down the court to take a 36-22 lead at the half.

The action slowed down in the third quarter as both teams cooled off; however, the Gamecocks remained in command and carried a 47-31 lead into the final stanza. Hornsby, a 6'5" junior, came out hot in the fourth quarter and sparked a Gamecock run that put New Brockton on top 56-37 with 3:24 left.

Two free-throws by Stefan Knox with 1:13 left gave New Brockton its biggest lead at 63-41, and the Gamecocks held on to post the big 64-50 win!

Layman Hornsby scored 22 points, pulled down 15 rebounds and blocked seven shots to lead New Brockton, while Stefan Knox added 14. Alvin Henderson and Charles Edwards scored 18 and 16 points to lead Kinston.

## 'Round And About With Eria

[For news in this column, call Mrs. Eria Belcher, 897-2006]

And though I have the gift of prophecy, and understand all mysteries, and all knowledge; and though I have all faith, so that I could remove mountains, and have not charity, I am nothing.

And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not charity, it profiteth me nothing. 1 Cor. 13:2-3

### THINKING FOR YOU - PRAYING FOR YOU

Mr. Wallace Belcher, Mrs. Eunice Culver, Mr. Rayfield Carpenter, Mrs. Maxie Donaldson, Mr. Aris Williams, Mr. Otis Williams, Mrs. Althea Berry, Mr. Jimmie Gray and Timothy Williams, February 9.

\*\*\*Sympathy is extended to Mr. and Mrs. Buford Kelley and family over the death of their son, Mr. Hugh J. Kelley, on February 5, 1985, in Newark, N.J.

\*\*\*Hearts were saddened here Saturday when news came of the death of Rev. A.L. Barnes who passed away in University Hospital, Birmingham.

### ELBA NATIVE DIES

Mrs. Minnie Lindsey Green, born the third child of sixteen children, on June 27, 1894, to the late Scott and Christina Lindsey of Elba, departed this life at the age of 90, on Friday night, January 18, 1985, at Calvary Hospital, Bronx, New York.

Minnie truly loved the Lord with all her heart. She fulfilled her destiny. She was saved and taught God's Word to men, women, boys and girls. She was a faithful member of the Triumph Church and Kingdom of God in Christ for more than 50 years. Her motto was "God is Love".

In the year of 1918 Minnie Lindsey was united in holy matrimony to the late Will Green, and to this union were born five children: Edna, Scott, Lindsey, Willie and Christine, and of these she leaves to mourn: Edna Valentine, Detroit, MI; Lindsey Green and Christine Robertson, New York City; four grandchildren: Althea Jones, Jerry Green, Earnest Robertson and Minister Tyrone Robertson; eight great grandchildren; four great great grandchildren; two sons-in-law: Otis Donaldson of Chester, Pennsylvania; Rev. Clarence Robertson, New York City; one brother - Cary Lindsey,

Union, N.J.; four sisters: Onnie Wade, Elba; Clifford Lindsey, New York City; Ethel Ellard, New York City; Eddie May Tyson, Elba; three brothers-in-law: one sister-in-law: a host of nieces, nephews, relatives and friends; one god-daughter, Ruby Streets; and a dear friend of more than 30 years, Mother Ella Rustin.

The family, Mrs. Green expresses thanks to all who expressed their love in any way during her illness and death.

\*\*\*Mr. Tillman Lindsey and Mrs. Eddie May Tyson attended the funeral of Mrs. Green and also visited other relatives and friends in New York. They have returned home.

**TO OUR MOTHER**  
A mother, a grandmother you were a friend you will always be. Everyone knows you were sweet as could be. Laughing and talking - we all knew this was you. Sweet and kind and loving too.

Holding all your heartaches so not to make people sad. This is why we loved you, because you would always understand.

To some you may be forgotten. To others just a part of the past. But to us the ones who loved you. Your memories will always last.

It broke our hearts to lose you. But you didn't go alone. For a part of us went with you. The day God called you home.

By the children of Mrs. Minnie Lindsey Green

**NEW ARRIVAL**  
Leisha Daniels of Elba announces the birth of her 7 lb. 10 oz. daughter, Britany Daniels on January 22, at Elba General Hospital. Grandparents are Mr. and Mrs. Kimmy Daniels of Elba.

**BLACK HISTORY MONTH**  
Continuing - Voices of the Past Speak to the Present.

We must understand that Black history is a perpetual conversation in which men and women speak to one another across the centuries, correcting one another, echoing one another, blending together into a mighty chorus which contrasts and combines different themes.

Not only is there a dialogue between the living and the dead in

this chorus, but there is also a dialogue of the dead in which W.E.B. DuBois, for example, debates Booker T. Washington and Harriet Tubman calls to and confirms the conclusions of Ida B. Wells-Barnett and Mary Church Terrell.

We must relate these images to the challenges and opportunities of our own lives, or we shall learn nothing and remember nothing.

Hear the voices of Sojourner Truth, Paul L. Dunbar, Frederick Douglass, Mary McLeod Bethune and Paul Robeson. They tell us that Alexander Crummell was right when he said: "We are a people God has preserved to do something with."

They tell us that Countee Cullen was right when he said: "We were not made eternally to weep."

They tell us that Langston Hughes was right when he said: "We have tomorrow bright before us like a rain without thunder and lightning; want the oceans without the awful roar of its many waters."

There's no struggle there is no progress. Those who profess to favor freedom and yet deprecate agitation are men who want crops without plowing up the ground. They want rain without thunder and lightning; they want the oceans without the

awful roar of its many waters.

This struggle may be a moral one, or it may be a physical one, or it may be both moral and physical, but it must be a struggle. Power comes from within without a demand. It never did and it never will - men may not get all they pay for in this world, but they must certainly pay for all they get.

Frederick Douglass (Voices of the Past Speak to the Present - next week)

**BIRTHDAY PARTY**  
A surprise birthday party was given honoring Vera Lindsey Williams and Elba Lindsey Belcher in the home of Mr. and Mrs. Grover Belcher Saturday night, February 2, by Vera's son Timothy and Eria's children and grandchildren.

A delicious meal was served to children and grandchildren from Montgomery, relatives from Elba and friends from Enterprise, Montgomery and Mobile.

AJC Warren Belcher arrived in Elba from Elmendorf AFB, ARK, January 30. Belcher was with Unit 343 Aircraft Generation Sq. (AAC).

Warren is the son of Mr. and Mrs. Grover Belcher, Rt. 2, Elba. He is a 1979 graduate of Elba High School and was a freshman at Alabama State University and an employee of Kleinfert's before enlisting in the U.S. Air Force. He has been assigned to Keesler AFB, MS.

**AWAY**  
We cannot say - we will not say. That she is dead. She is just away. With a cheery smile, and a wave of the hand.

She wandered into an unknown land And left us dreaming how very far It needs must be since she lingers there.

And you - O you, who the wildest yearn For the old time step and the glad return Think of her faring on, as dear In the love of there as the love of here.

Thinking of her still as the same we say: She is not dead - she is just away!

Selected by her husband and children of the late Mrs. Nettie Ruth Lindsey.

**MEMORIAL TO MAMA NETTIE**  
(Had she not been called home on December 20, 1983, Mrs. Nettie Ruth Lindsey would have celebrated her eighty-first birthday on February 5, 1985. In blessed memory, her children, grandchildren, great grandchildren and great-great grandchildren render, in unison, the following tribute to her!)

She gave light, direction and inspiration to the first, second and third generation which she begat; would only that the fourth generation and all the others yet to come, had likewise gotten to touch her, to see her, to know her.

She was the family's fountainhead, cornerstone and linchpin, while also being its battle-axe and the kindest in a very long line of matriarchs; she and Papa Tillman, the two yet one, often surveying their children, their handiwork, with thanksgiving and gratitude for HIS blessings.

She passed on the seed to make do, to aspire, and to conquer all that was observed from her vantage point of some four-score years; years spent toiling, years spent laboring, years spent not in vain. She now rests from her labors, for the harvest has been

great - count the good works, tally the kind deeds, number the children who prospered.

Although she is not with us now, and "goodmore shall be, yet she will live on, and on, and on in the breast of the rest of us. "That's the Mama Nettie in you" often said when an offspring is determined to succeed; and we solemnly promise to pass on this "family seed" which she so lovingly and graciously passed on to us; thus, she still lives!

Mama Nettie, we love you, And sho' nuff miss you.

Signed: the children of Net and Till

### Science Fair Winners

The Science Fair at New Brockton High School was held Thursday night, January 24.

There were two categories in the competition - physical science and biological science. Stacey Adkison, son of Mr. and Mrs. Larry Adkison, placed first in the physical science category.

Donna Bailey placed second; Carmen Harris placed third; and Melanie Robertson received honorable mention.

In the Biological category Amy Vaughan, daughter of Mr. and Mrs. Johnny Vaughan placed first. Cindy Fuller placed second; Mike McDaniel placed third, and Johnathan Hilton and Brian Peacock

received honorable mention.

The winners will receive their plaques at the Honors Award program in February. They will now compete in regional competition at Troy State University on Feb. 16.

The judges for the event were all members of the faculty at Enterprise State Junior College. The exhibits were judged on creativity, the scientific thought involved, thoroughness, skill, clarity, and its dramatic value.

The Science Fair was sponsored by the members of the Alabama Junior Academy of Science at New Brockton, in conjunction with Mrs. Jackie Jinright.

### Mobile College To Host Day For Prospective Students

High school seniors and junior college students are invited to attend Mobile College's MC Day program Saturday, Feb. 23.

The day's activities will provide prospective students an opportunity to visit the campus, talk with faculty members and get general information on the college curriculum.

Miss Janice Pittman, director of admissions, said the morning begins at 8:30 a.m. with campus tours hosted by the Student Representative Organization.

At 9 a.m. the college president, Dr. Michael A. Magnoli, will welcome students and their parents to the college.

Small group sessions follow and include financial aid information, faculty advisement and academic information.

The half-day program will be held in Moore Hall in the college's Fine Arts Building.

For additional information on MC Day, call the college's Admissions Office at 675-5990, Ext. 220.

## Mrs. Annie Bess Rowe Spotlited In Faculty Focus

Mrs. Annie Bess Rowe is one of the spotlight in this week's Faculty Focus.

Mrs. Rowe is the home economics teacher at New Brockton High School, but she has also taught all science and history courses at one time. She is the sponsor of the

Future Homemakers of America and the senior class.

Mrs. Rowe has taught at New Brockton for 20 years. She is a graduate of Opp High School and the University of Montevallo. Teaching is something she's wanted to do since her childhood.

She is married to Bonneau Rowe and they have two daughters, Paige DeVane of Milton, FL, and Nina Walthall of Springfield, Ill. They also have two grandchildren.

Mrs. Rowe enjoys playing bridge, and working on crafts and needlework.

The things she likes best about New Brockton are "The friendly and cooperative faculty and support group we have in our school and the spirit and dedication of our student body."

## How to get a \$2,000 tax break - and retire richer.

Now, anyone who has an earned income can set up their own Individual Retirement Account (IRA).

Even if you're already covered by a pension plan, you can put up to \$2,000 away each year. In addition, you can deduct your IRA contribution on your federal income tax return.

Married couples can save \$2,500 annually if only one spouse works, up to \$4,000 if both work. Not only is the principal sheltered from current taxes, but the earned interest is sheltered, too.

Remember, not all IRAs are equal. A New York Life IRA annuity,\* for example, can provide: 1) protection against disability and 2) a guaranteed income for life.

## Horticulture Tips

**LAWNS** It is that time of the year again when you will see a lot of lawns being burned off. The question always comes up "Is this good or bad for my lawn?" Burning has some advantages, but it also has some disadvantages. Burning will help reduce the thatch that has built up over the years. It will kill some disease spores that are present on the stems. The grass will also put out a little earlier. There is always a chance of the fire getting away and burning something you don't want to burn. The yard looks bad for a couple of weeks. Burned materials are easily tracked into the house and on the carpet.

My suggestion would be to use a power lawnmower to detatch your lawn.

**PECANS** Our pecan specialist has prepared a "1985 Calendar for Pecan Production." The calendar lists the jobs that should be done to pecan trees each month. It also gives the stages of pecan growth which will be helpful in planning the management program. If you would like one of these management calendars, give me a call at 894-5596, and I will be glad to mail one to you.

**PUBLICATIONS** We have had a good many people to request from our office the following publications: Cookbook, List of alibeths, Trees, and a Money Management Calendar. If you would like to have a copy of one or more of these pieces of materials, please call our office, 894-5596. We will mail you your free copy.

**PINE NEEDLE BASKETS** Would you be interested in a pine needle basket making class? We hope to interest enough people to have several classes. The classes will begin Monday, March 18 and continue for four weeks. Miriam Picheford from Dothan will be the instructor. Please call our office, 894-5596 for more details.

**TOO TALL AND THIN?** Can a woman be too tall or too thin? Complaining of being too tall or too thin probably won't bring much sympathy from most other women, however, it does bring concerns and difficulties in choosing the most appropriate patterns.

Tall women can integrate as many colors and textures as the choose. Using the same color in tops and bottoms only creates an even taller appearance.

**FEDERAL CROP INSURANCE** 1985 Changes: To enable FCIC to offer guarantees that accurately reflect the actual production levels of producers, FCIC has developed a program to offer insurance based on "Actual Production History" (APH) on the insurance unit. There will be no area coverage plan guarantees for 1985 for corn, grain sorghum and cotton. Soybeans will continue to be covered under the individual Yield Coverage (IYC) for 1985. Peanuts will continue to be handled as in past years. All producers who have had FCIC insurance coverage for 1985 on corn, grain sorghum or cotton are urged to contact their agent or the county ASCS office at the Farm Center for further details. The final date to buy crop insurance is March 31.

**CATTLE SHOW** The Coffee County Beef Calf Show will be held Saturday afternoon, March 2, at the Farm Center Coliseum in New Britain. About 30 steers will be shown. These steers vary in weight from 750 pounds to probably 1400 pounds. There are some excellent steers being prepared for this show.

We hope that a lot of people in the county will call us and arrange for a half, a quarter, or a whole beef calf. We will make the arrangements for packaging and processing so that all the purchaser will have to do is pay for his part and call the processor to let him know exactly how they want it prepared.

This program has worked very fine in the past year. If you would like to get some of this extra delicious, nutritious 4-H Club beef, call us at 894-5596 and we will give you the details.

Four-H Club members showing calves March 2 are Bo Boyd, Melissa Barley, Buddy Boyd, Joe Bailey, Kelly Atkinson, Shay Atkinson, Bret Dalrymple, Parrish Dalrymple, Jason McLeod, Brian McLeod, Troy Dennis, Lisa Bryan, Brett Bryan, Andy Dean, Gena Stokes, Rusty Powell, Lougner Patterson, Cecilia Patterson, Tammy Jones, Joe Ellis, Della Ellis, Candy Stokes, Steven Bozeman, and Charlie Bozeman.

## REMEMBER VALENTINE'S DAY - FEB. 14

One with height can select from exciting sleeve designs. The bawling and dolman sleeves are great. Their fullness hides the fact that arms might be long and thin.

Because of height, any skirt style is great. However, skirts with fullness at the hemline are the best choice. Shoulder emphasis and detail is also an excellent way to add to filling of width.

Use design techniques that give a feeling of horizontals such as detailed shoulders, yokes in the bodice, wide belts, full sleeves, circle or wide skirts and shawls tied at the hipline. A tall woman shouldn't be afraid of dramatic styles like capes or styles using a lot of fabric.

**POTATOES** New studies show that a medium potato provides us with 50 percent of the U.S. RDA of vitamin C, and has the most potassium, 50 mg., of any commonly eaten food. The potato has only 110 calories, with little sodium and no fat.

When baking a potato, bake directly on oven rack. Don't wrap a potato in foil as it steams, not bakes, the potato. I like my potato wrapped in foil, but I might try it not wrapped next time.

No bid may be withdrawn for a period of 30 days after the time and date set for bid opening. The accepted bidder will be required to furnish a Performance Bond and Payment Bond, both in an amount equal to 100% of the contract price. The cost of the bonds shall be included in the proposal.

**NOTICE OF FORECLOSURE SALE**  
On April 13, 1981, Cecil Ray Hurd a/k/a Ray Hurd and Vivian Hurd executed and delivered to the U.S. Small Business Administration, an Agency of the United States, a Mortgage on certain real estate located in Coffee County, Alabama. Said Mortgage was filed for record on April 13, 1981 in the Office of the Judge of Probate, Coffee County, Alabama, in the City of Elba, Alabama, in Mortgage Book 71-A at Pages 345-348.

Under and by virtue of the power of sale contained in said Mortgage, there will be sold by said U.S. Small Business Administration, as Mortgagee, at public auction, to the highest bidder for cash before the door of the Coffee County Courthouse at Elba, Alabama, within the legal hours of sale, at or about 11:00 A.M., on Friday, March 1, 1985, the following described real property, to-wit: A lot or parcel of land (8 1/2) acres of land on the East side of NE 1/4 of SW 7/4, Section 5, Township 7, Range 21, more particularly described as follows: Commencing at Northeast corner of NE 1/4 of SW 1/4, Section 5, running West 92 yards, thence Southwest 92 yards, thence to Southeast Corner; thence to point of beginning. All in Section 5, Township 7, Range 21, containing eight and one-half acres, more or less, and situated lying and being in Coffee County, Alabama.

This conveyance is subject to restrictions, reservations, easements, and liens of record.

The aforesaid Mortgage was given to secure payment of that certain promissory Note dated April 13, 1981, for the original principal amount of \$6,500.00 executed and delivered by Cecil Ray Hurd a/k/a Ray Hurd and Vivian Hurd in favor of U.S. Small Business Administration. Default having been made by the Mortgagors in the payment of said Note, the U.S. Small Business Administration, the holder and owner thereof, has and does hereby declare said promissory Note immediately due and payable, and has notified Debtor of its intention to sell the aforesaid property at the sale hereinafter advertised.

Said sale will be made for the purpose of paying the balance due on the Note. The proceeds of said sale will be applied first, to the expenses incidental to sale; secondly, to pay any sum expended in the care and preservation of the property; and thirdly, to principal and interest on the promissory Note.

The above-described property will be sold on an "as is, where is" basis, subject to any filed taxes; and reservations and restrictions contained in prior deeds and easements for highway and/or road rights of ingress and utility. Said property will be sold without representation, warranty or recourse, express or implied, as to title, use and/or enjoyment of the real property described above, and will be sold subject to the statutory right of redemption.

The Owner reserves the right to reject any or all bids and to waive technicalities and informalities.

### Seniors Count Down Days

#### 'Til Graduation

By: Sheila Simmons

The Zion Chapel seniors have already begun their countdown to the night of graduation. With only 72 more days left to attend school, some are looking forward to graduation and some are dreading it.

Plans are being made for after graduation activities for most of the

seniors. Many of the seniors will go to work, then some will go on to college to further their education.

The countdown, which started the week of January 21, lets the seniors know that they have only weeks left before they leave teachers and friends to start their own lives, on their own.

#### Terry Dease Chosen All-Tournament

Terry Dease was chosen to represent Zion Chapel on the Coffee County Junior High All-Tournament Basketball Team. Terry scored eleven points and retrieved nine rebounds in Zion Chapel's game against Goodman to become Zion Chapel's "high-point" man for the night and a member of the All-Tournament Team.

Members of the All-Tournament Team were chosen from teams

competing in the basketball tournament -- Dauphin, Kinston, New Brockton, Goodman, Enterprise, Elba, and Zion Chapel. All-Tournament team members are selected by members of the tournament committee and are selected for outstanding performance in the basketball tournament which lasted from Thursday, January 31 - Saturday, February 2.

### Z.C. Basketball Bulletin

By: Chris Hodge

Last week the Jr. Rebels closed out their season with a loss at the hands of the Goodman Eagles. Even though the Rebels played with new found desire and intensity they came up one point short at the buzzer. The Jr. Rebels didn't win but two games this year but they were never out of a

game until it was over. In other basketball action, the varsity and B-team both fell to the Elba Tigers on the road. The B-team only lost by one but poor free-throw shooting brought on the Rebels downfall. The varsity had some key players in foul trouble most of the night plus the fact that Elba was hitting all night from the field.

### Scholarships Available At Junior College

By: Cynthia Williams

Enterprise State Junior College is now offering academic and performing arts scholarships. The college will offer academic scholarships for the 1985-86 academic year to qualified applicants from the 1984-85 graduating class.

With other academic scholarships, all students in the top 25% of their graduating class will be

considered. In order to receive consideration for the academic foundation, athletic or performing arts scholarships awarded by ESJC, each student must complete the scholarship application.

The deadline for submitting performing arts scholarship applications is April 1, 1985; the deadline for academic foundation scholarships is May 1, 1985.

## News Briefs ....

### REBEL 85 IS COMPLETE!

By: Kim Brunson

For the past two months the annual staff has been working steadily, during and after school hours, to put the final touches on the yearbook. The final deadline was February 1, but missed because some of the photographs were not yet developed. Mrs. Rachel Bryan, yearbook sponsor, is still pretty sure that the books should be ready for distribution in May.

### NEW DRUM EQUIPMENT

By: Teresa Holcomb

The Zion Chapel Band will have a new line of drum equipment for the marching band. The music department received bids from several different music stores. Ludwig is the percussion company that was awarded the contract.

The new equipment includes two power cut quads, one bass drum, one snare drum, and vest carriers for all the equipment. The drums are not just new equipment to be used, but an update on the drums we already have. The money used to buy the equipment came from doughnut sales and the car wash.

### LIBRARY HOLDS BOOK SALE

By: Wyman McWaters

The Zion Chapel library is in the process of selling paperbacks. The library has a wide selection of these books, ranging from classics to non-fiction.

The sale has been going on since last Friday, and will continue until all the books have been purchased. All the paperbacks are ten cents. The library is selling these books to make room on the shelves for the hard-back books being transferred from the New Hope Library. Everyone is invited to come and visit the library and purchase a paperback book.

### Z.C. STUDENTS PLACE IN CONTEST

By: Wendy Nelson

Vickie Marler and Tammy Ellis placed third in a cosmetology contest at New Brockton. The cosmetology department at the Coffee County Area Vocational School held a contest to prepare its students for the State Board Testing. The contest was held Monday, January 4 during school. Each student that participated in the contest had to have a model whose hair they had to wash, cut, roll and set. Mrs. Donaldson, cosmetology teacher at New Brockton, decided the winners.

### BASEBOARD PLACED IN HALL

By: Tabetha Rodgers

Tony Shiver and Wade Flowers are giving Z.C. a new look. These two boys have been putting baseboards around the hall walls. They say they are getting some good practice for an up-coming competition. Tony and Don McWaters will be competing in the cabinet division. Wade is the only one competing in carpentry. His competition involved building saw horses and small play houses. If they win county then they will go to George C. Wallace to the district competition.

When asked about who helped, they said a special thanks to Mr. Warren Pless for all his help.

### RECRUITERS SPEAK TO 4-H FRATERNITY

By: Janet Stewart

Zion Chapel students and graduates attending the February meeting of the Coffee County 4-H Gold Key Fraternity were Fran Chirico, Kim Liprot, Janet Stewart and Mike Chirico.

The guest speakers for the meeting were Sergeant Windler J. Tomlin from the U.S. Army Recruiting Station in Enterprise and Sergeant Jerome Hartaway from the Army Reserve. They talked to the group about the different programs that the Army and Reserve have to offer. They talked about the Army College Fund, skill training, travel opportunities, and medical benefits. They had pamphlets available on the programs.

Business on the agenda of the meeting included the 4-H Poster Art Contest, the 4-H Craft Exhibit, the Calf Show and the Electric Demonstration. Refreshments were served after the meeting.

AGRI-BUSINESS BUYS NEW EQUIPMENT . . . The Agribusiness department at Z.C. recently purchased new equipment for the shop. Mr. Stewart, the Agribusiness teacher, ordered two new drills, a drill press and a drill press to be used by the students in Agribusiness. The equipment was purchased with FFA funds and money made by orange sales. (Reported by: Sarah Campbell)

## State Inspectors Tour Coffee County To Witness Damage Caused By Recent Rains

Officials from the Emergency Management Department were in Coffee County last week, and after touring the county with local officials

agreed that the road damage caused by recent heavy rains was extensive enough to warrant aid from the state. Coffee County Probate Judge

Marion Brunson reported the two representatives from the state agency spent approximately three hours photographing and inspecting

the most heavily damaged areas. Judge Brunson and county engineer Frank Charlton conducted the tour of damaged areas. The first stop was on County Road 25, near the Ino Community, at a site where over one-half the pavement had slipped into a cavernous washout over 50 feet deep. The road, a major rural artery, had to be closed due to the possibility of further cave-ins. The state officials also viewed less severe damage on paved roads and inspected dirt roads.

The southwest corner of the county was the hardest hit area of the county and reportedly received over six inches of rain over a 24-hour span on February 5.

Judge Brunson stated he was impressed with the inspection team's thoroughness and said the state officials indicated the road damages should qualify for state aid. Brunson added that the representatives would ask federal personnel to visit the areas to determine if federal funds would be available. According to Judge Brunson, soil conservation service representatives had inspected the damaged areas to find out if it could offer financial assistance.

The heavy rains closed over 40 roads in the county and caused streams to cover bridges; however, all roads except County 25 and the Green Horn Saddle Club Road have been reopened.

CAVE-IN CAUSED BY HEAVY RAINS . . . This portion of Coffee County Road 25 remains closed after approximately two-thirds of the paved road caved in as a result of heavy rains early this month. State inspectors viewed the damage last week to determine whether funds would be available to repair the heavily traveled rural road.

## Elba Principal Tells Of Standards Required For Advanced Diploma

The City of Elba School board met Thursday, February 7, in a regularly scheduled meeting. All members were present, and chairman Butch Oges presided. Board members discussed pending opening of bids on the new roof for the vocational building, update on the status of school bus fleet; dove into setting standards for the new "honors" or advanced diploma and heard a report from state superintendent Wayne Teague from local superintendent John Osburn.

The first order of business after approving the minutes of the previous meeting was a report by Osburn that even after paying for the new school bus body at \$17,000 and other bills, the general fund had a balance of \$35,600. This contrasted with a \$30,000 shortfall during the previous month and reflected an infusion of property tax payments from the revenue commissioner.

The arrival of two new school buses leaves the fleet of seven with

four 1974, one 1980 and two 1985 buses on regular routes, with three 1974 buses in reserve. Osburn recommended, and the board approved, donating a 1964 bus to the city recreation department to be used by the senior citizens and as a shuttle bus for the department.

A new van is being modified to transport students to Project Independence in New Brockton. The board will consider renovating the present project van to be used to transport school groups too small to justify a large bus.

The proposed honors diploma will be offered under the "Excellence in Education" program beginning with the class of students to be in the ninth grade next year. It will be an intensified course of study designed to better prepare students for a college education, according to high school principal Lamar Foley.

Foley also stated he and Osburn would recommend to the board that the minimum standard for this

degree be more stringent than the state minimum to earn the advanced degree.

Requirements for the standard diploma will also be modified with the minimum required units increased to 22. Physical education will be cut to one unit. Computer literacy will be a requirement but not as a course unit. Students will be required to be able to use the computer in their other courses of study. Science will increase from one to two units, and a course in Home and Personal Management may be taken as an eighth or ninth grade course and still qualify.

The advanced diploma will require two foreign language units; three math units rather than two for the standard diploma and three science courses.

While only 22 units are required to complete this honors course, additional units will be encouraged for these students. Foley noted that only eight or ten students a year will attempt this course of study at Elba High.

Final approval as presented or with modifications will be done at a later board meeting.

Also discussed by the board was the procedure for students who attend school for the twelve years, but fail the graduation exam (special students included). Previously all students completing the twelve years of study were given a diploma in spite of abilities. It was the belief of state officials that such action was required to prevent lawsuits. Now, however, it is required that students pass the graduation test to receive a diploma. Certificates of attendance may or may not be presented to other students, according to the dictate of the board. This decision will be made in the near future.

The next regular meeting of the board is set for March 7, at 5 p.m. in the superintendent's office.

### Dickinson Honored By ROA

Congressman William L. "Bill" Dickinson of Alabama, ranking Republican on the House Armed Services Committee, is being honored as the "Minute Man of the Year" for 1985 by the Reserve Officers Association (ROA) of the U.S.

The award was presented to Dickinson February 20 during the annual banquet of the three-day ROA Mid-Winter Conference held at the Washington Hilton Hotel in Washington, D.C., at which Dickinson was featured speaker.

The most important and prestigious honor given by the ROA, the award is presented each year to the citizen who has contributed most to national security in these times.

In informing Dickinson of his

selection, Robert H. Spiro Jr., ROA executive director of the ROA, stated that "Our association is convinced that your career is particularly outstanding and that you are working courageously and with great talent and dedication for the security of this country. It is our hope that in making this award we can call attention to the precepts of public service which your career exemplifies."

In commenting on the award, Congressman Dickinson stated, "This is one of the most important honors that I have ever been given. I appreciate it very much and can assure the ROA and the American people that I will continue to work tirelessly to improve the security of the United States."

### Elba Lions Club To Hold Breakfast For Sight

The Elba Lions Club will hold its annual "Breakfast for Sight" on Saturday, March 2, from 9-11 a.m. at the Elba Elementary School cafeteria.

The "All You Can Eat" breakfast will include pancakes and sausage, along with orange juice, milk, coffee and water. Over 30 varieties of syrup will be available, including special diabetic syrup.

Advance tickets are \$2.00 adults

and \$1.50 children and may be purchased from any Lions Club member. Tickets will be available at the door on the day of the breakfast. A free blood pressure check and sugar check will be offered at the cafeteria.

DRIVERS ESCAPE INJURY IN CAR-TRUCK WRECK . . . This traffic accident on Hwy. 87 North involving a tractor-trailer rig and an automobile did extensive damage to both vehicles; however, both drivers escaped the accident unharmed. The accident occurred 3 miles north of the Jack community.

### Car-Truck Collision Blocks Highway 87

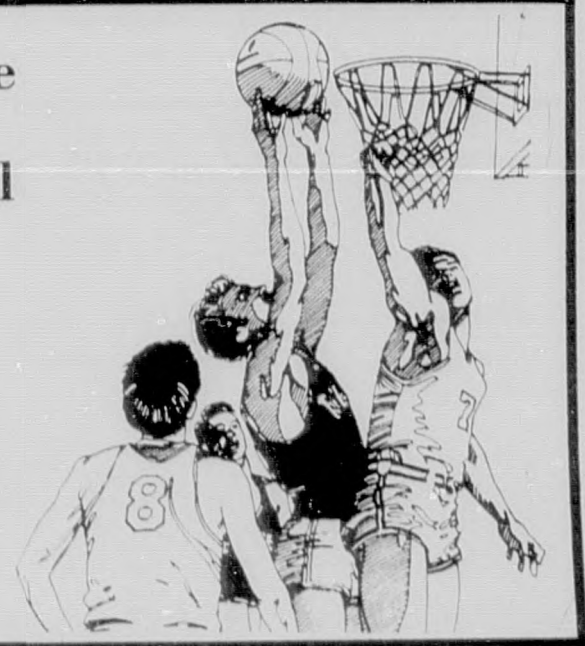

A traffic accident on Tuesday, February 12, involving a tractor-trailer rig and an automobile, blocked both lanes of traffic on Highway 87 North and did extensive damage to both vehicles, although both drivers escaped unharmed.

The accident, which occurred at approximately 3:30 p.m., occurred when a tractor-trailer rig driven by Norman Steller of Elba, collided with a car driven by Richard Bundy of Jack. Both vehicles were traveling north at the time of the accident, and

according to witnesses at the scene, the car was turning left into a driveway when the truck, which had moved into the left lane to pass, struck the car, dragging it 40 feet along the roadway.
